

Knowit Cloud -  
Training  
DevOps DASA 2 days

# DevOps DASA, 2 day training, preparation for DASA DevOps Fundamentals certification

DevOps Fundamentals is the starting point for everyone involved in an agile and / or a DevOps team. With DevOps, improved workflows and faster distribution are achieved, but only when the team members have an understanding of DevOps.

The course will give you the knowledge required to build a DevOps team, understand the principles behind DevOps and the terminology used. With the help of real case studies, examples, group discussions and exercises, you will gain a good understanding of DevOps.

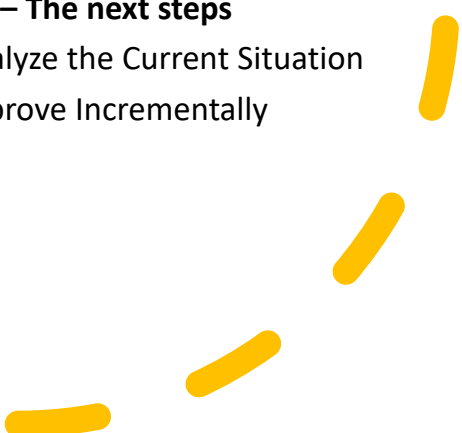

**The course will be held in English and will be online (upon agreement it can also be held at customer site or at Knowit office).**

Price 13.900 SEK ex. moms for each participant (minimum of 4 participants/training). Course material is included in the price, this is personal.

## **Certification**

Certification exam 175;- Euro/occasion.

# General Terms and Conditions 1(2)

## **Invoicing and payment terms**

Invoicing will be made with 30 days payment terms. The course fee must be paid before the course starts. Interest on arrears is charged at 2 percentage points per month in the event of outstanding payment from 30 days after the invoice date until full payment has been made. All prices are stated excluding VAT.

## **Cancellation and rebooking of course opportunities**

Our cancellation and rebooking rules are based on the organization Almega Utbildningsföretagens (f.d.SAUF) guidelines.

- The course booking is binding on the participant's company as soon as we have accepted the booking and sent confirmation that the participant has been accepted to the course.
- Cancellation and rebooking can be announced during office hours (09.00-17.00) to [education@knowitcloud.se](mailto:education@knowitcloud.se), preferably with a copy to your sales contact.
- Free cancellation and rebooking is valid up to 20 working days before the start of the course.
- Cancellation can after this be made against a 50% charge no later than the 10th working day before the start of the course. After this, the entire course fee is charged.
- In the event of an impediment, the course place can be transferred to another person at the same company after consultation with Knowit.

# General Terms and Conditions 2(2)

## **Education interruption and limitation of liability**

If Knowit has to cancel a non-commenced course, regardless of the reason, the customer has the right to choose between recovering the paid course fee or having a paid course fee credited for future course opportunities. If Knowit has to cancel an already started course, regardless of the reason for this, Knowit shall, as far as possible, ensure that the customer priorities a place at the next subsequent course opportunity. Alternatively, the customer has the right to choose between recovering the course fee calculated on unused course days or receiving a corresponding amount for future course opportunities. The course fee per day is determined by dividing the total course fee by the course's total number of training days. Compensation in addition to this is not paid.

## **Contact**

When booking a course, you agree to be contacted by Knowit via e-mail or telephone for information about Knowit's offers.

## **Personal information**

In connection with booking a course, you agree that Knowit processes your personal data. The responsible for Knowits your personal data is Knowit Cloud AB, Stortorget 9, 211 22 Malmö.
